

Welcome aboard the SV Full Sail

Full Sail goes out in all weather, except thunder storms, so dress for anything from a full sun to overcast and breezy. We have plenty of room for you to bring along whatever you might need. I suggest sunscreen, shorts, tee shirts, a cap or hat that can be tied down and a light jacket (we have private cabin so you can change if you want to).

We have water on board but if you want anything else I suggest you bring it. The same is true for snacks or lunch, there is a nice market that makes subs and sandwiches called "Sam's Market" right at the turn off from RT 214 (Central Ave) that is always good for last min stuff (food and drinks).

For most trips, the crew van will leave from Stonington Rd at 9:30 and there is room for 1 crew and the Captain. Otherwise please meet the boat at [Holiday Point Marina](#) by 10:30 (if you decide to bail please let us know so we don't wait for you or hold your berth).

Also for some sailings we might go out for dinner if the interest is there, there are some fun places down there and the food is good. Nothing like some fresh seafood and beverages after a good day on the water, so bring something to wear if we go into a somewhat nice place.

If this is your first time on a sail boat or you just want a refresher there is a YouTube for new sailors at the links below. The Full Sail site has a tour video also just to let you see what your loading on to.
